“AQUABIZ 2026”

Aquaculture & Blue Economy Conference & Exhibition

Embassy of India, Vilnius is pleased to announce that Associated Chambers of Commerce and Industry of India (ASSOCHAM) is organizing “AQUABIZ 2026” Conference & Exhibition on Aquaculture, Fisheries & Marine Economy”, scheduled from 6 - 8 August 2026 in Vijayawada, Andhra Pradesh, under the theme “Powering India’s Blue Economy through Andhra Pradesh.”

As the Aquaculture Capital of India, Andhra Pradesh has emerged as a national leader in shrimp production, freshwater fisheries, seafood exports, and coastal economic development. With a 974 km coastline and a strong ecosystem of hatcheries, feed mills, processing units, and cold chain infrastructure, the state plays a pivotal role in advancing India’s blue economy vision.

AQUABIZ 2026 will bring together policymakers, global seafood buyers, exporters, investors, technology providers, researchers, and industry leaders to explore emerging opportunities and foster strategic collaborations. The Conference will focus on key strategic themes including:

- **Blue Economy & National Growth:** Exploring export expansion strategies, value addition and processing, global market diversification, and strengthening trade competitiveness.
- **Andhra Pradesh: A Transformational Development Model:** Showcasing how aquaculture is driving rural prosperity, women’s employment, coastal infrastructure development, and growth of allied industries such as feed, logistics, packaging, and cold chain.
- **Investment & Infrastructure Expansion:** Opportunities in mega aqua parks, integrated cold chain networks, export processing clusters, marine processing zones, and advanced hatchery technologies.
- **Sustainability & Innovation:** Promoting climate-resilient aquaculture, biosecurity and disease management, sustainable shrimp farming, digital traceability systems, and the adoption of AI and IoT in fisheries.
